

3-IN-1: JOB ANALYSIS, JOB DESCRIPTIONS AND INDUCTION PROGRAMS

INTRODUCTION

This 3-in1 Short Course on Basic HRM Skills is designed especially for SMEs that do not have the luxury of a dedicated HR department. These 3 Basic HRM Skills: How to Conduct Job Analysis, How to Write Formal Job Descriptions and How to Design a Formal Induction Program are inter-linked to one another and thus it does make sense to combine all these 3 into one short course. However, it is designed in a modular format so that those employers, who could not afford to release their staff for too many days, could opt for a specific module and or to have the course scheduled according to their convenience.
