### WHO SHOULD ATTEND

Workers who have to look after their own safety will not benefit much from this course. It is designed for decision makers i.e. Managers, Executive, Safety Officers, Occupational Doctors, Nurses, Supervisors from using chemicals in their plant or factory. Those responsible and accountable for accidents involving chemical would benefit the most. This course is not part of the CHRA programme.

### METHODOLOGY

Lecturing, discussion & activities

### RESOURCE PERSON

**Dr. Avinash Khan** is a graduate of International Medical University. Currently, he is Assistant Director of Occupational Health at Department of Occupational Safety & Health (DOSHS) since February 2011. Along with enforcing the Occupational Safety & Health Act 1994 and Factory and Machinery Act 1967, his job scope includes OSH audits with emphasis on workers' health, investigation of work-related diseases, Safety and Health Officer training, implementation of OSH management systems and consultation with various industries on OSH-related issues. He believes his passion for pursuing better OSH practices among both employers and employees will help transform the Malaysian OSH landscape.
