

CERTIFIED CORROSION TECHNICIAN

CODE: CTL1

IMM Certified Corrosion Technician is a training course consists of classroom lectures, case study, practical session and assessment. This course is designed to train those work involves in corrosion related field in the basics of corrosion and its control.

In collaboration with

Objectives

Upon completion of this training, participants will:

- Gain an understanding on key-point corrosion monitoring and process corrosion monitoring
- How to retrieve and change-out of coupons and probes
- How to carry out measurements and interpretation of corrosion rates
- How to use retrieval tools, service valves, back-pressure pumps and surge tubes
- How to adopt the cathodic protection monitoring and inspection techniques
- How to utilize the corrosion Inhibitor monitoring and protective coating surveys

Course Fee

SSTC Member

RM 5,268.00

Non SSTC Member

RM 5,368.00

Fee inclusive:

6% GST,

IMM Membership,
1-year PRIMOS &
refreshments

Course Contents

Fundamentals of Corrosion
Forms of Corrosion
Corrosion Control Techniques
GRP and Insulation
Coatings – Metallic & Non Metallic
Coating Application & QC
Cathodic Protection Anode QC & Surveys
Corrosion Inhibition & Preservation
Corrosion Monitoring Techniques
Scanning Verification
Probes & Coupons – What It Monitors
Equipment Set for Installation & Retrieving
Safety Issues for Corrosion Technician
Key Points – What It Monitors
Ultrasonic – Effectiveness and Usage
CP Monitoring System
CP Surveys & Probes

Who Should Attend

This course is intended for all engineers who is interested in the knowledge of corrosion monitoring and inspection and who wish to pursue a career as a Certified Corrosion Technician.

Pre-Requisites

Level 1 : Technician with experience

Certificate

Level 1 : Certified Assistant Corrosion Technician

Course Duration

Level 1 : 4-days

SABAH SKILLS & TECHNOLOGY CENTE

No. 5, Jalan 1C, KKIP Selatan, Industrial Zone 1 (IZ1), Kota Kinabalu Industrial Park, 88460, Kota Kinabalu, Sabah.
