

ENHANCING PERSONAL & ORGANIZATIONAL EFFECTIVENESS

SABAH SKILLS & TECHNOLOGY CENTRE

INTRODUCTION

The excellence and success of individuals and organisations much depend on their abilities to manage and control internal and external challenges. These abilities do not only depend on the state of technology or financial strengths but more importantly the ability of the organisation's workforce to manage the challenges. Excellence and qualities of highly effective people embody many of the basic principles of human effectiveness. Those qualities represent the internalisation of correct principles upon which enduring effectiveness, success and happiness both at the work place and social lives are based.
